GRAN AVENTURA (GREAT ADVENTURE)

The Great Adventure is unique, and combines the whole essence of the Iguazu National Park in one ride: the jungle and the waterfalls. It is offered daily every full hour, and the departures are from our Head Office or The Visitors Center.

It starts by entering the jungle from the "Sendero Yacaratiá" trail with special transportation that allows a panoramic view of the environment along with experienced guides that give a lot of explanations as well as the legend of this spectacular place.

After an 8 km truck ride, we arrive at the Puerto Macuco Base, which is 100 meters away from the Infirmary and Service Station, and 100 meters of stairs ahead is the floating platform where the second part of this ride begins

It starts and finishes at the end of the Lower Circuit, which is located in front of the San Martin Island. The ride is made with powerful motor-boats that pass through the Lower Canyon of the Iguazu River and around...

After that, we sail along the shore of the island until we get to the most exciting part where we face the San Martin waterfall, a wonderful and unforgettable experience, for it's the largest waterfall any motor-boat can approach safely.

The landing is at the base of the lower circuit where visitors reintegrate the trails
